

Trellance Talent Services

Staff Augmentation

Skilled Talent to Boost Your Technology Initiatives

Finding the right technology talent to grow your team is a challenge in today's competitive market. As a credit union cooperative with more than 30 years of experience, Trellance knows that this is even tougher for credit unions, so we've developed a new offering that simplifies the process. Through extensive industry research, we have designed solutions that add the best technology talent to your credit union team on-demand, saving you time and money.

We are Your Go-To Source for Tech Talent

Credit Union Exclusivity

We understand the credit union landscape and technology needs [to deliver the right resource for your projects.

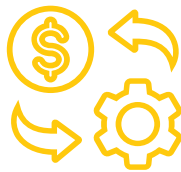

Flexible Service Delivery

We let you choose from one or more resources, set their time duration, goals and KPIs to determine success.

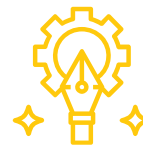

Dedicated to Your Success

We do continuous monitoring of the quality and continuity of resources on your important projects to ensure positive results.

Affordable Cost Model

We offer a mix of on-shore and off-shore resources resulting in substantial savings and high ROI.

Highly Skilled Resources

We give you access to a pool of experienced resources with appropriate skills and specific credit union training.

The opportunities are endless with Trellance's Staff Augmentation.
